an address of P.O. Box 94210, South Lake, Texas 76092, is desirous of acquiring any and all right, title and interest held by ASSIGNOR in the Inventions.

NOW THEREFORE, in consideration of TEN DOLLARS AND 00/100 (\$10.00) and other good and valuable consideration paid to the ASSIGNOR by the ASSIGNEE, the receipt and sufficiency of which is hereby acknowledged, ASSIGNOR HEREBY ASSIGNS TO THE ASSIGNEE:

The entire right, title and interest in said Inventions and in the above-identified patent applications and patents and in all divisions, continuations and continuations-in-part of said applications, or reissues or extensions of said applications and patents, and in all corresponding applications filed in countries foreign to the United States, and in all patents issuing thereon in the United States and countries outside of the United States.

The right to bring legal action for infringement of any applications or patents listed in Table A, including past infringement and the right to receive damages for any past infringement.

The right to file foreign patent applications on said Inventions in its own name, wherever such right may be legally exercised, including the right to claim the benefits of any pertinent international convention or treaty.

ASSIGNOR hereby authorizes and requests that the officials of the United States Patent and Trademark Office, and such officials in countries other than the United States as are duly authorized by their patent laws to issue patents, to issue any and all patents on

said Inventions to the ASSIGNEE as the owner of the entire interest, for the sole use and behoof of the said ASSIGNEE, its successors, assigns and legal representatives.

ASSIGNOR hereby agrees, without further consideration and without expense to him, to sign all lawful papers and to perform all other lawful acts which the ASSIGNEE, or the ASSIGNEE's successors, assigns and legal representatives may request of him to make this Assignment fully effective, including, by way of example but not of limitation, the following:

Prompt execution of all original, continuation, continuation-in-part, divisional, substitute, reissue, and other United States and foreign patent applications on said Inventions, and all lawful documents requested by the Assignee, or the Assignee's successors, assigns and legal representatives to further the prosecution of any of such patent applications.

Cooperation to the best of his ability in the execution of all lawful documents, the production of evidence, nullification, reissue, prosecution, extension, or infringement proceedings involving said Inventions.

ASSIGNOR hereby represents and warrants that, to the best of his knowledge, he believes that he has the right and ability to assign and transfer to ASSIGNEE those rights which ASSIGNOR

possessed as of the respective dates he conceived of his contributions to the inventions claimed in the patent applications listed in Table A and/or as of the respective filing dates of the patent applications listed in Table A.

This Assignment shall be binding upon ASSIGNOR and upon any and all successors of ASSIGNOR.
